

CITY OF WHEATLAND

CITY COUNCIL MEETING STAFF REPORT

August 23, 2022

SUBJECT: **AUTHORIZE THE POLICE DEPARTMENT TO PURCHASE
BODY WORN CAMERA'S AND UPGRADE TASERS FROM
AXON ENTERPRISE, INC.**

PREPARED BY: Damiean Sylvester, Chief of Police

Recommendation

The Wheatland Police Department is seeking approval by the City Council to allow the City of Wheatland to enter into a purchase agreement with Axon Enterprise, Inc. to implement a new video evidence management system. The proposed package includes a body-worn camera system for every sworn police officer within the department and upgrading the police department's Taser to the latest model.

Move to adopt a resolution (Attachment 1) authorizing the City to enter into an agreement with Axon Enterprise, Inc. (Attachment 2) to purchase the integrated body-worn cameras and Tasers, for a total cost of \$108,966.25, payable with a one time payment; and authorizing the City Manager to sign the agreement on behalf of the City.

Background and Discussion

All of the Police Department's sworn officers are currently equipped with Tasers. However, they have outlived their 5-year shelf life and have required constant repairs and replacements. Tasers are an important tool for our officers to safeguard lives by providing a non-lethal option during critical incidents.

The Department does not issue body-worn cameras to patrol officers. Having body-worn camera video and recordings are essential in elevating the Police Department's goal of transparency to community members, increasing accountability, helping ensure public trust of law enforcement, as well as protecting officers.

Due to these shortcomings, the replacement of the current tasers and addition of equipment has been deemed a priority by the department for the safety of the community and officers.

Council previously approved using \$105,000 of ARPA funds to purchase body worn camera, however with the new market conditions, the total cost is \$108,966.25

Per the City of Wheatland Purchase Policy, a contract may be awarded without competition when the Purchasing Office/Initiator determines in writing, after conducting a good faith review of available sources, that there is only one source for the required supply, service, or construction item.

Axon Enterprise, Inc. is the only company who manufactures and sells tasers to Law Enforcement agencies. Axon Enterprise, Inc. is the only company who syncs taser deployment activation with body worn camera activation to capture video of the incident. Axon Enterprise, Inc. is the only company who provides syncing body worn camera activation once an officer removes their duty weapon from their holster, and activates any other body worn cameras being worn by other officers who are at the scene of the incident.

Axon Enterprise, Inc. is one of the leading companies that implements video evidence systems for police agencies worldwide. Axon Enterprise, Inc. has over 8,000 agencies worldwide and 400 agencies in California alone. A significant advantage to this system is that it can receive alerts based on Axon Signal Sidearm, which allows the cameras to be triggered when the officers' firearms are removed from their holsters.

Axon Enterprise Inc. hosts a cloud-based software, Evidence.com, which would allow the department to store everything securely. Large evidence files can easily and securely be sent to the District Attorney's Office within the software. The District Attorney's Office has been using Evidence.com to receive files from other regional law enforcement agencies as well. The Police Department is currently sending information manually on digital media devices such as disks and USB when requested by the District Attorney's Office

Alternatives

Continue utilizing existing equipment, and not assign body worn cameras to patrol officers and not upgrade our current tasers.

Fiscal Impact

No impact to the general fund, ARPA funds will be used

Re: **Sole Source Letter for Axon Enterprise, Inc.'s TASER Energy Weapons, Axon brand products, and Axon Evidence (Evidence.com) Data Management Solutions**

A sole source justification exists because the following goods and services required to satisfy the agency's needs are only manufactured and available for purchase from Axon Enterprise.
