

# CITY OF WHEATLAND

## CITY COUNCIL MEETING STAFF REPORT

March 14<sup>th</sup>, 2023

**SUBJECT:** Vehicle Purchase  
**PREPARED BY:** Dale Klever, Public Works Director

---

### **Recommendation**

Authorize the City Manager to spend up to \$45,000 to purchase and outfit a 2022 Ford F-150 vehicle for use by the Public Works Department (PW).

### **Background**

The City of Wheatland owns a variety of vehicles used for providing public works services. A current list of public works vehicles is shown below.

PUBLIC WORKS VEHICLES	
2004	* Ford F-150 *
2004	Ford F-550
2007	Chevy Silverado
2007	Chevy Colorado
2014	Ford F-350
2019	Ford F-150

### **Discussion**

Staff previously recommended that City Council consider spending up to \$45,000 to replace two aging public works trucks with new trucks using American Rescue Plan Act (ARPA) funds. With the recent decreased availability and price increases of trucks, PW can only purchase one truck using the said funding amount.

The 2004 Ford F-150 (top of chart above) currently has 84,500 miles and has required numerous repairs in the past couple of years. Replacing the most problematic truck in the fleet will reduce maintenance costs and increase reliability overall.

Price quotes were obtained from local area Ford dealers: Sacramento Ford met all the City's requirements at a cost of \$38,825.27. The additional \$6,175.00 is being requested to outfit the vehicle with safety lighting, toolboxes, bedliner, City decals, etc.

### **Alternatives**

1. Direct staff to not purchase a vehicle at this time and put money into repairs of old trucks.

### **Fiscal Impact**

No impact to the General Fund, as ARPA funds will be used.

### **Attachments**

1. Quote from Sacramento Ford
