

CITY OF WHEATLAND

CITY COUNCIL MEETING STAFF REPORT

April 23, 2019

SUBJECT: Vehicle Purchase
PREPARED BY: Susan Mahoney, Finance Director

Recommendation

Authorize the City Manager to spend up to \$32,000 to purchase a 2019 Ford F-150 from Geweke Ford for use by the Public Works Department.

Background

The City of Wheatland owns a variety of vehicles used for providing public safety services and for maintenance of the City's roads, parks, and infrastructure. Vehicles assigned to the Public Works Department are as follows:

PUBLIC WORKS
2004 Ford F150
2004 Ford F350
2004 Ford F550
2007 Chevy Trailblazer
2007 Chevy Silverado
2007 Chevy Colorado
2015 Ford F350
Dump truck
Scout Utility Vehicle

Discussion

In February 2019, the City transitioned its building permit processing and code enforcement operations to Yuba County. Previously, these functions were performed by the City's consultant, Coastland Engineering. As part of the City's agreement with Yuba County, the County will retain the fees associated with issuing a building permit. The City will receive revenue equal to 6% of each building permit fee processed by the County. This revenue will be used to offset any costs associated with code enforcement the County provides to the City. Based on the history of costs associated with code enforcement, staff has determined that it will be more cost effective to provide code enforcement operations with City personnel. A part-time, non-sworn Police employee has been assigned to provide code enforcement. Should the Council approve the

purchase of the new Public Works vehicle, the 2007 Chevy Trailblazer will be assigned to the Police Department for code enforcement activities.

Alternatives

1. Direct staff to purchase an alternative vehicle
2. Direct staff to not purchase a vehicle at this time
3. Direct staff to find an alternative vehicle for code enforcement operations

Fiscal Impact

Quotes for the Ford F150 were received from Folsom Lake Ford (\$31,840), National Auto Fleet Group (\$34,122), and Geweke Ford (\$30,522). The vehicle will be paid for from the General Fund. There are sufficient General Fund reserves to pay for the vehicle and still maintain 135% of the Council's target General Fund reserve (25% of General Fund expenses).
