TEMPORARY STREET CLOSURES

The Engineering Department administers the processing of street closing permits for temporary closure of a street. Enclosed is a Petition for Street Closure with a copy of the City Policy which governs temporary street closures. Please read the petition and policy carefully prior to completion of the petition.

Completed petitions must be filed between 30 and 90 days prior to the event. Late petitions will not be accepted. Upon completion of the petition, please return it to City Hall at 111 C Street.

After review by various City departments, the City Engineer may give approval of the requested closure, subject to the rules and provisions contained in the policy and other conditions.

Applications for permits in conflict with the policy will be denied or amended by special provisions to conform with the policy. Petitions may be denied if any of the concerned departments (Fire, Police and Public Works) find, in their judgment, that the requested street closure would have a negative impact on public health, safety or welfare. Permit denials or conditions may be appealed by writing the City Manager at least 30 days prior to the date of the event indicated on the petition.
